

REGULATIONS FOR TRAINEESHIPS PROGRAM OF EMU FACULTY OF PHARMACY J2; D. Pharm – 6 year STUDENTS

- 1. The total period of traineeship is 250 working days.
- **2.** 250 working days, which is compulsory, must be completed in community pharmacy, pharmacy department of the hospital and pharmaceutical/cosmetic industry.
 - ✓ Traineeship must be carried out at least in 3 different community pharmacies.
 - ✓ Total period of community pharmacy training must cover at least 132 days and each community pharmacy training must cover at least 15 working days.
 - ✓ Total period of hospital pharmacy training and pharmaceutical/cosmetic industry training must cover must cover at least 10 days each. Each hospital pharmacy and/or pharmaceutical/cosmetic industry training must cover at least 10 work days.
 - ✓ The traineeships must be carried out in community pharmacies which had served for at least 1 year after its establishment.
 - ✓ Training in institutions other than community/hospital pharmacies are optional and will not be counted in the calculation of obligate days. Approval of the faculty board is required for such trainings.
- 3. Students can start their traineeship after they have passed Physiology 1 (MDCN245).
- **4.** The traineeship can be practiced during the winter and summer breaks (from the end of the final exams to the beginning of the registration of the upcoming semester) and the entire 11th 12th semester.
- **5.** Students can do their traineeship abroad including their own country.

- **6.** A series of required forms (**Appendix A**) must be submitted to the person in charge **one month** prior to the traineeship.
- **7.** Students are obligated to provide the contact information of the training institutions to the person in charge, including:
 - Postal address
 - Fax
 - E-mail address
 - Telephone number
 - Web address (optional)

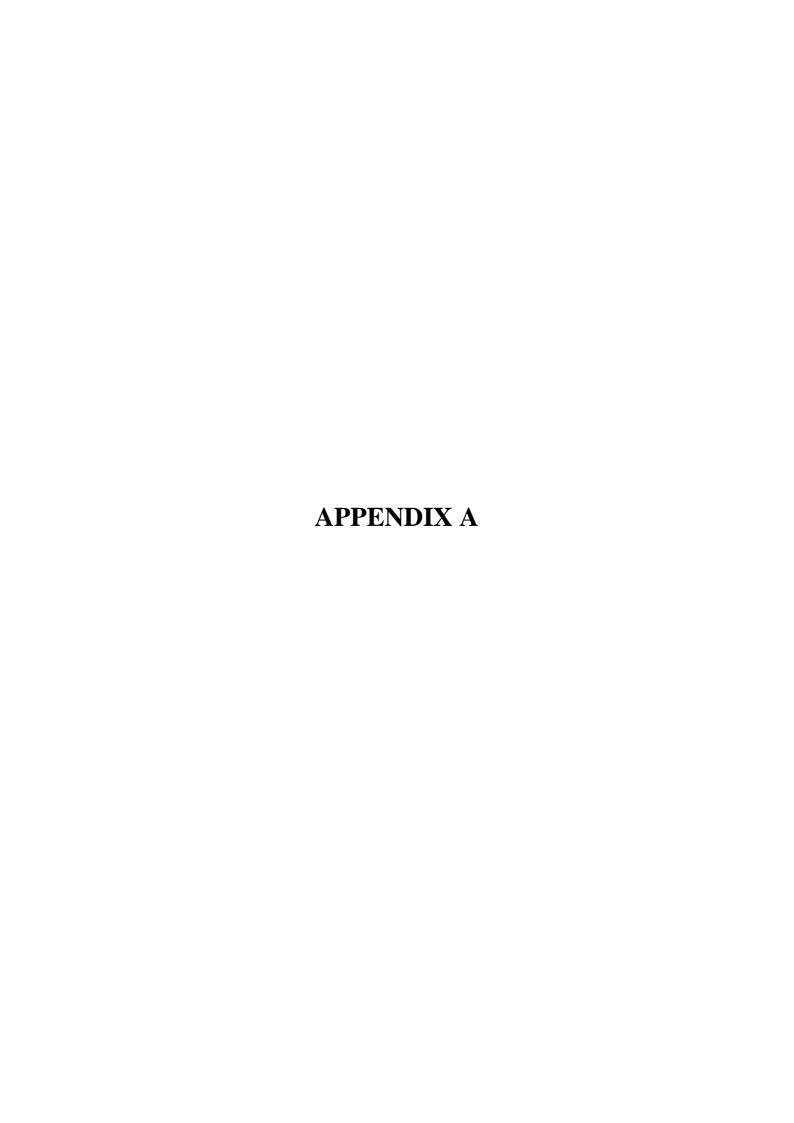

*Unexpected inspections will be done by EMU representatives during the traineeships. If the student has found to be absent in the institution in two of the inspections, the traineeship will be **cancelled**.

- **8.** After the end of each training, the student must submit "Evaluation/completion Letter" (**Appendix B**) and "Daily Activity Report" (**Appendix C**) to the person in charge till the last day of the classes of the upcoming semester.
 - "Evaluation/completion Letter" must be filled, signed and stamped wet by the manager of the institution.
 - "Evaluation/completion Letter" needs to include the full name of the institution manager, his/her title, phone number, address and e-mail.
- **9.** For those who have carried out their traineeship abroad, in addition to documents mentioned in **section 8**, a copy of **check in/check out** dates from the passport must be submitted as well.

10.

- i) In the 11th semester (in which the student is registered to PHAR461, PHAR462 and PHAR463), <u>students must submit at least one</u> traineeship report for community (PHAR461), hospital (PHAR462) and pharmaceutical/cosmetic industry (PHAR463) trainings to the person in charge till the last day of the classes.
- ii) In the **graduation semester**, students who have <u>not</u> completed their compulsory training days by 11th semester, must finish the compulsory training days and submit relevant reports to the person in charge till the last day of the classes.

- **11.** The final report must include:
 - a. Cover page (**Appendix D**)
 - b. Questions and answers (**Appendix E**)
 - c. References
- **12.** The general format of the final report must be as follows:
 - a. Times New Roman
 - b. 12 points
 - c. Justify
 - d. 1.15 spacing
- **13.** All of the documents related with the training can be acquired from www.pharmacy.emu.edu.tr/en or www.opencourses.emu.edu.tr.
- **14.** If students had confirmed their traineeship, but have to take a resit exam, a new traineeship date has to be declared officially by the student to the person in charge.
- **15.** For the students who finished their compulsory traineeship, a **Final Exam** will be held during the final exam period of **graduation semester**.
- **16.** The student is not allowed to graduate without completing his/her traineeships.
- **17.** Traineeship committee of the E.M.U. Faculty of Pharmacy has the right to refer to the disciplinary committee if they detect any inconsistency with the established rules of traineeship regulations.
- **18.** Traineeship committee, if necessary, has the right to make appropriate changes in this regulation.
- **19.** Students enrolling the traineeship program are considered to accept every provision of the regulation organized by E.M.U. Faculty of Pharmacy and they have not appeal rights.

EMU Faculty of Pharmacy – Community Pharmacy Practice

Following questions must be answered respectively with specified format (Word Format, Times New Roman font, 12 font size) by the student if student has done his/her traineeship within the scope of community pharmacy practice:

- **1.** Give brief information about the community pharmacy that you have practiced your traineeship.
- **2.** Explain the relationship of your pharmacist with other pharmacists, representatives, doctors, staff and his/her trainees.
- **3.** In the pharmacist-patient relationship:
- **a.** Which points should be considered from pharmacist when prescription or non-prescription (OTC) medicines are described to the patients?
- **b.** What is the role of the pharmacist in birth control and family planning implementations? (Ex. What should be suggested to mother as a birth control method during her lactation period?
- **4.** What kind of instructions are given for usage of the dosage forms with specific use as:
- a. Inhalers
- **b.** Eye drops
- **c.** Insulin and other subcutaneous injection preparations
- **d.** Transdermal preparations
- e. Sprays

- **5.** How pharmaceutical care services are provided in the pharmacy, especially in:
 - a. Drug consulting
 - b. Rational drug use
 - c. Drug drug, drug- illness, drug-food interactions
- **6.** How many main sections are there inside of community pharmacy?
- **7.** Describe the equipment used in pharmacy store?
- **8.** How cleanliness and hygiene conditions are ensured within community pharmacy?
- **9.** How weighing is performed in pharmacy?
- 10. Which chemicals must be retained in the pharmacy?
- **11.**Please explain how the pharmacy shelves are arranged? Also indicate, why your pharmacist prefers this order?
- **12.**Please explain which pharmaceutical dosage forms are presented in the community pharmacy?
- **13.**How the prescriptions are processed at the pharmacy?
 - a. Which information must be included in the prescription?
 - b. From how many sections Prescription is consisted, name the parts of the Prescription?
- **14.**Regarding pharmacies inspections:
- a. Which books must be kept in the Pharmacy?
- **b.** Which are the professional books that must be in Pharmacy?
- **c.** What should be considered due to inspections?
- **15.**Please give information about the red prescriptions and green prescriptions?

- **16.** Which computer database your pharmacy store is using for sales processes? Please describe briefly this system.
- **17.** Please indicate the names of the contracted institutions that your pharmacy store is dealing, and what are the main differences about their prescription processes?
- **18.** What is the cold chain? Give five examples of pharmaceuticals that should be stored in cold chain storages.
- **19.** How the expiration dates of pharmaceuticals are monitored at your traineeship community pharmacy? What is done for disposal of these medicines?
- **20.** In which cases medicines are collected back? Please briefly explain the process of withdrawal of medicines from the market?
- **21.** Explain the difference between drug product and magistral product?
- **22.** What information should contain a standard prospectus?
- **23.** Which medicals, medical equipment and antidotes are used in emergency situations?
- **24.** How the toxic and medicinal which supposed to be stored separately are placed within pharmacy?
- **25.** How the first aid is provided for the patients in the community pharmacy?
- **26.** How the pharmacovigilance is employed in the everyday practice of the community pharmacy?
- **27.** How the measurement of temperature and humidity is conducted within the community pharmacy?

- **28.** Explain the procedure on how the narcotic drugs are recorded and stored?
- **29.** Does your home country have an organization as National Chamber of Pharmacist and does your community pharmacy is a member of this organization?
- **30.** Is there a section in Community pharmacy related to phytopharmaceuticals / herbal preparations?
- **31.**Is there a section in Community pharmacy related to cosmetics?

EMU Faculty of Pharmacy - Hospital Pharmacy Practice

Following questions must be answered respectively with specified format (Word Format, Times New Roman font, 12 font size) by the student if student has done his/her traineeship within the scope of hospital pharmacy practice:

1. Give a brief information about the hospital that you have practiced your traineeship, on following points:

Type of hospital (either it is University hospital, private hospital, or research hospital etc.)

Name of hospital and number of its services, polyclinics and intensive care units?

- **2.** Describe the **hospital pharmacy unite** that you have practiced your traineeship, by giving information on following subjects:
- a. The number of pharmacists, clinical pharmacists and pharmacologists working in hospital pharmacy.
- **b.** The duties and responsibilities of the pharmacist as a health care staff in hospital pharmacy.
- c. The number, qualifications and responsibilities of support staff.
- **d.** The location of the pharmacy inside of hospital, sections of the pharmacy and the functions of these sections.
- **e.** Classification of the medicines, their placement on the shelves and storage system.
- **f.** The tools and equipment used at hospital pharmacy.
- g. Working hours and shift system of the hospital pharmacy.
- **h.** The average daily number of prescriptions prepared by the hospital pharmacy.

- **3.** How the purchasing procedures are working for medicines and medical equipment?
- **a.** Explain the role of pharmacist in buying-process and decision-process.
- **b.** How the regulation and recording of documents for purchased medicines and medical devices are done?
